

Dear the market ladies,

I give a massive thankyou for sharing your time with us and  
putting nutritious food for us to eat.

I loved the pineapple.

You taught us things we never knew before like,

The fennel.

Our class gives a thanks.

From Charleez

Fruit  
Tastic

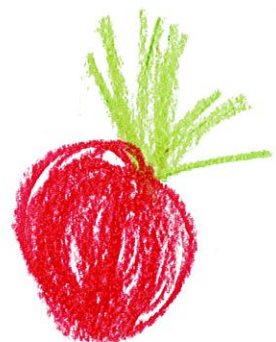

Dear Carolyn and Tiesha,  
Thank you so so much for coming  
to our school and letting us try the  
fruit and vegetables that you  
brought in.

I had a lot of fun trying all of the  
fruit and vegetables. My favourite  
food was the avacado dip. I am  
looking forward to see you next  
year.

Love From Ella

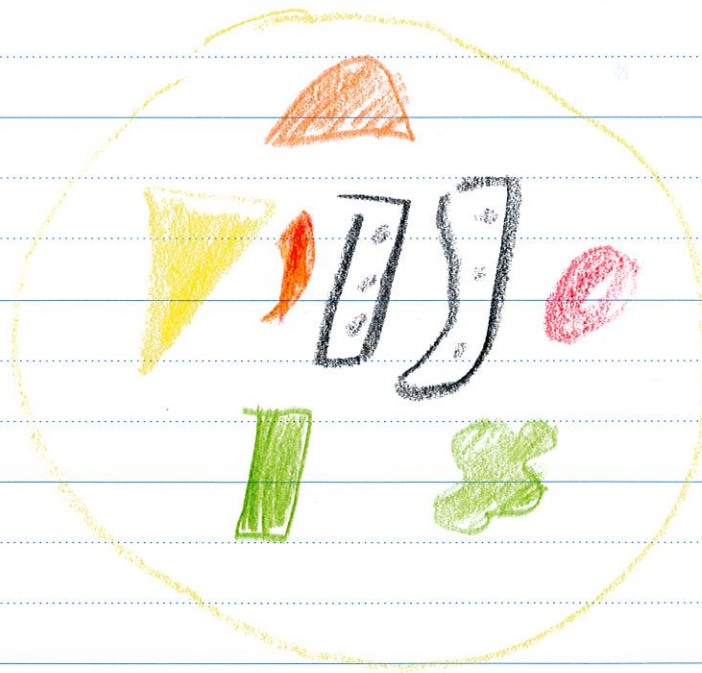

To the Market ladies,  
Thank you for the  
food we tried. I really  
enjoyed the cucumber  
with the avocado dip!

*From Charlotte*

PS. I really liked the  
videos.

Friday May 13<sup>th</sup>

Thank-you for visiting  
our school. I tried...  
fennel and pineapple.  
Now I like fennel.  
from Amelia.

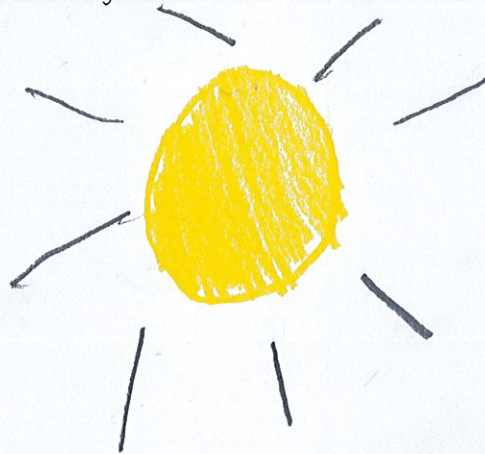

Dear Carolyn

Thank you for bringing in some delicious fruits and vegetables! Why are you so interested in fruits and vegetables? I am six years old. How old are you? I have a PS4. Do you have a console? My favourite sport is basketball and cricket. What is yours? My favourite fruit is a strawberry. What is yours? My favourite vegetable is a carrot. What is yours? I have 2 brothers and no sisters.

From

Nathan

Dear Market Fresh program

My name is Eliza, I am from St. Pauls Kealpa and I am in grade 5AC. I learnt that tomatoes can't stay in the fridge because they stop ripening. So if your tomato is still yellow or green it will stay that colour till you eat it. Also you have to eat different colour fruits and vegetables because each fruit or veg has different vitamins. Capsicum can also not just be yellow, orange and red, they can be purple and white.

I enjoyed learning about how the trucks come to the market when we were sleeping. Also I enjoyed learning about lots of different fruits and veg I didn't know. I also enjoyed eating the avocado dip because last time I didn't like the dip. I enjoyed the sour capsicum with the avocado dip and the dip was wonderful with the cucumber. Thank you for spending your time with us, I will miss your wonderful fruit and vegetables. I will also miss the lovely bananas.

Eliza. D

Dear fantastic Tiesha and Carlyne,

I thank you for all of the beautiful and delicious food.

I would never have known about fennel if you didn't ever come.

My favourite food was the cucumber and dip.

By Eryn

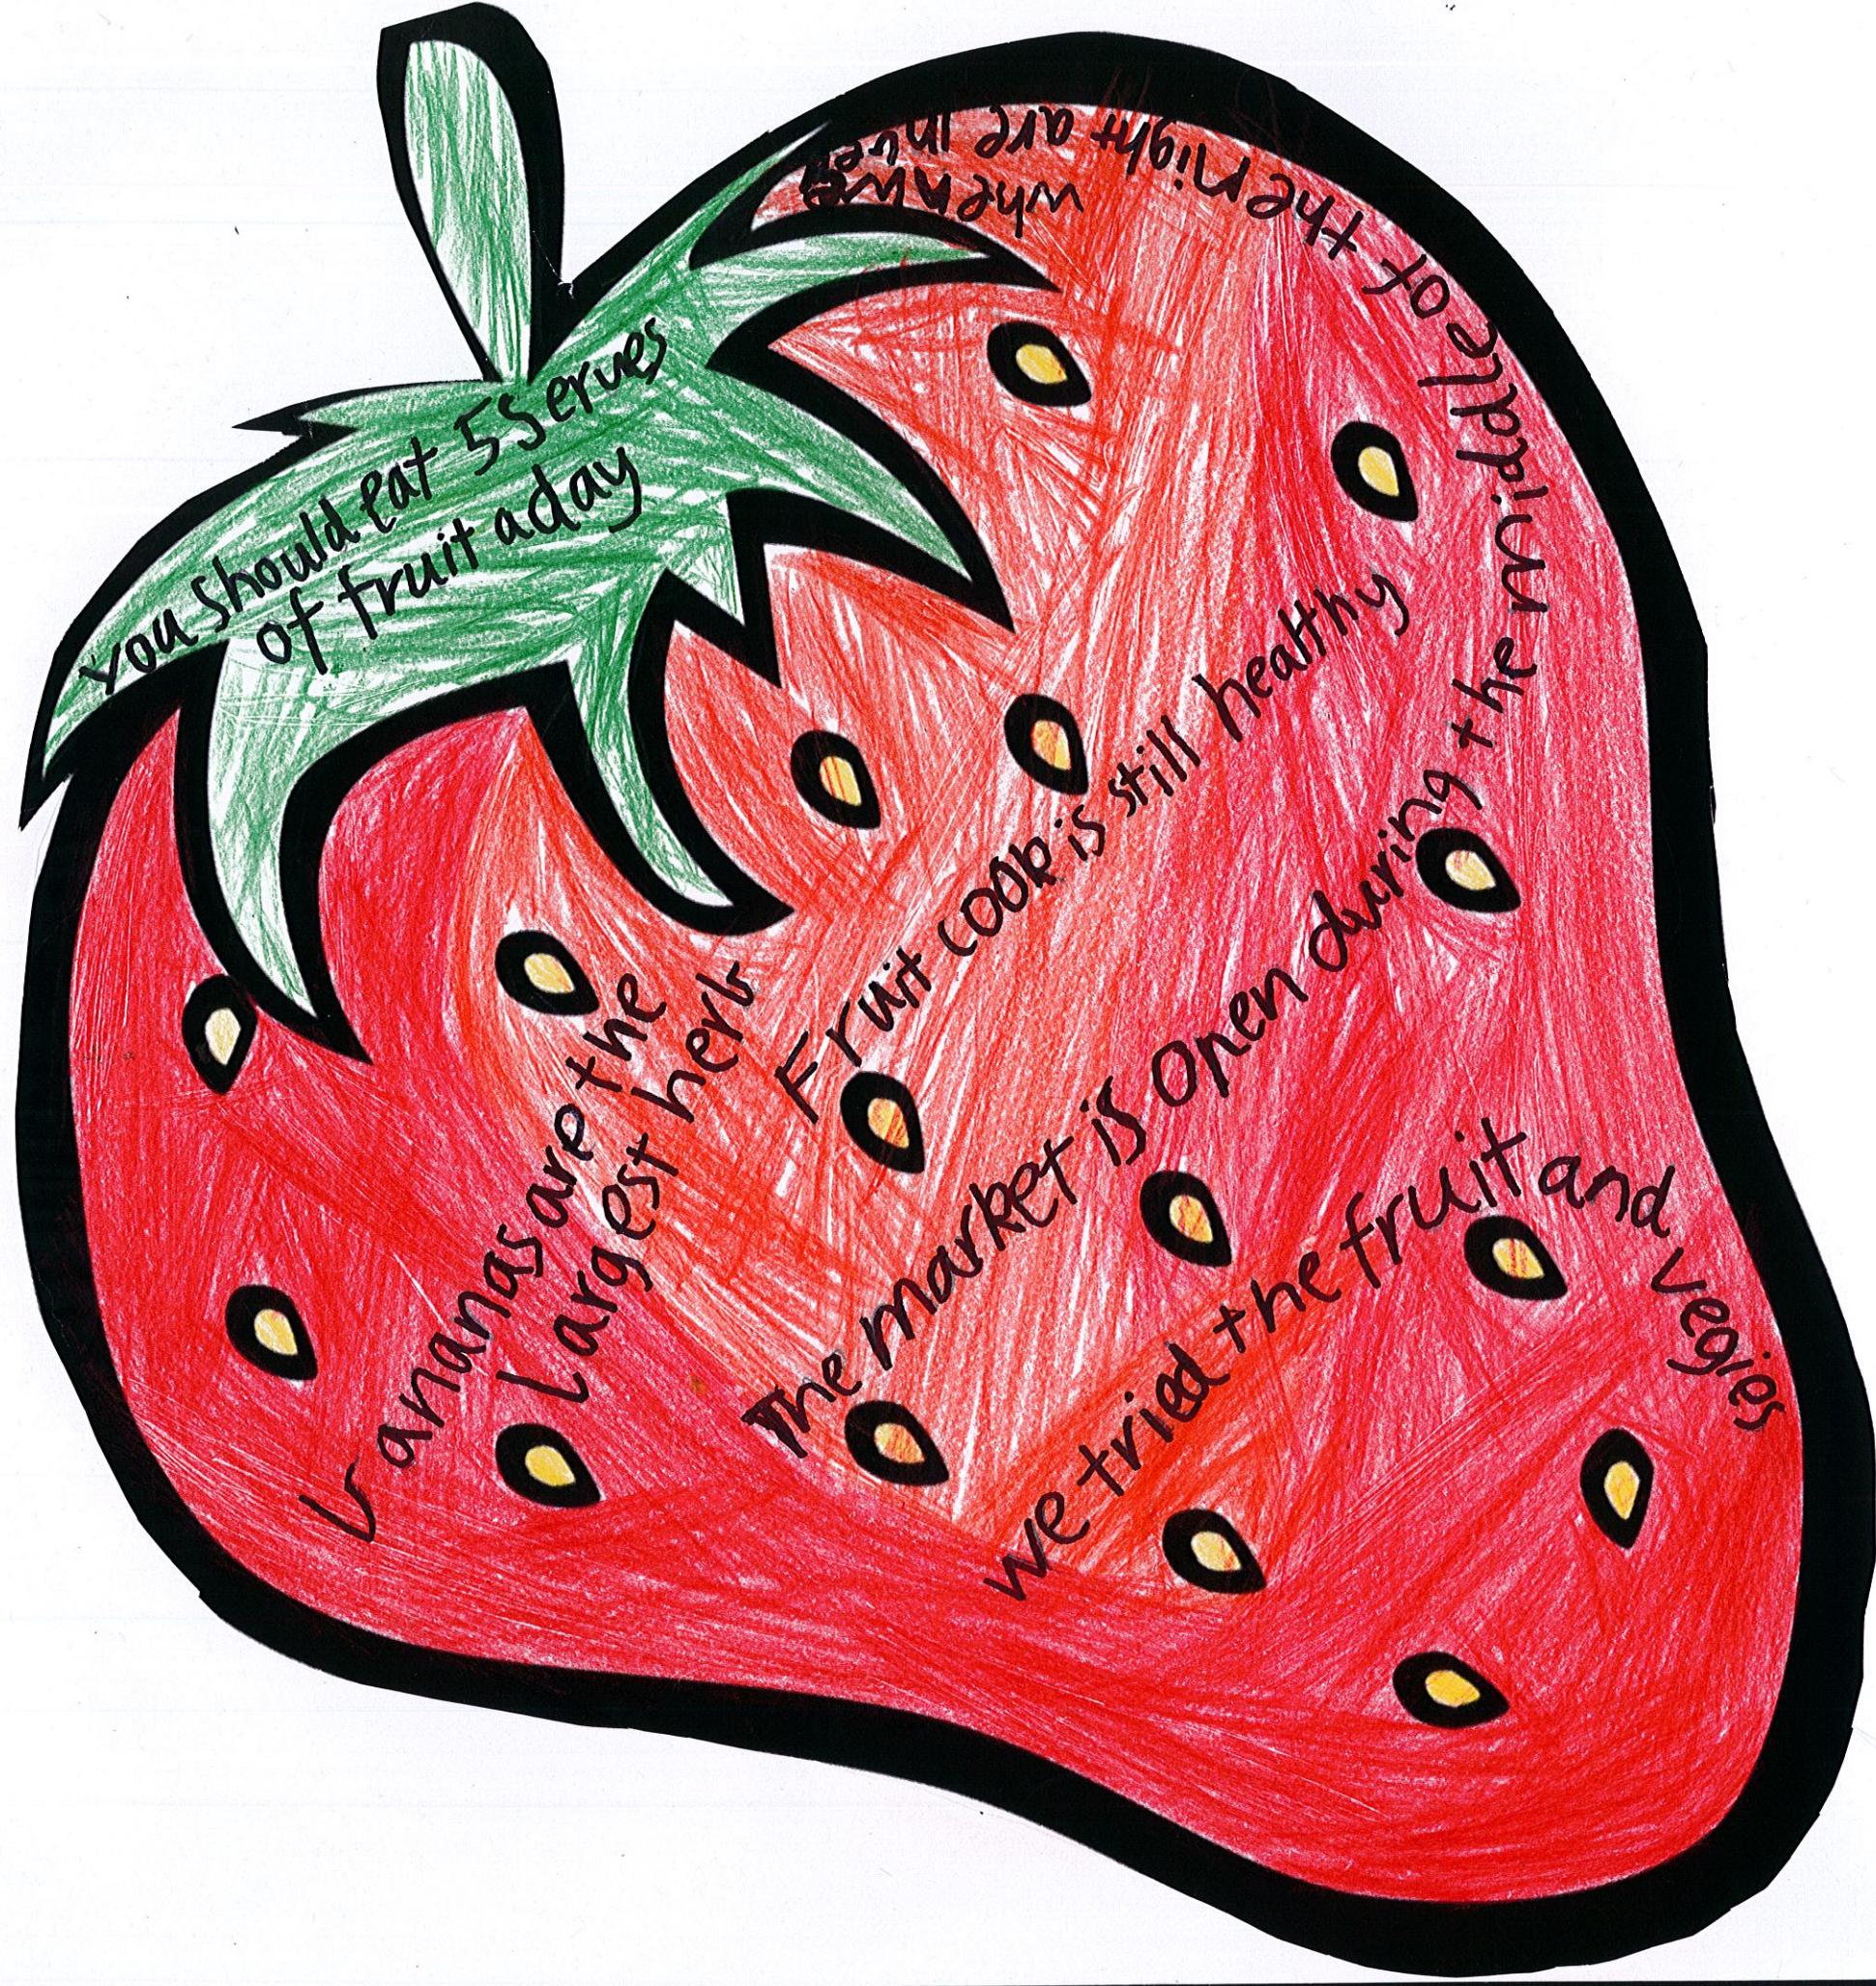

Thank you  
for  
the  
delicious  
fruit and  
veg!

A vibrant, abstract collage of various fruits and vegetables, including carrots, broccoli, tomatoes, and watermelon slices, rendered in a colorful, textured style. The composition is dense and colorful, featuring a variety of produce like carrots, broccoli, tomatoes, watermelon slices, and other fruits, all set against a bright yellow background. The style is reminiscent of a child's drawing or a folk-art inspired collage, with bold colors and visible brushstrokes or textures. The left edge of the image has a decorative, wavy border.

A huge thank  
you from IBE  
for bringing us  
lots of tasty  
fruits & vegies.
